The Partnership for Dietetic Education and Practice (PDEP) is an unincorporated, collaborative, inter-organizational network formed to create opportunities where Partners' goals and achievements intersect. It undertakes projects in areas of common interest to benefit the safety and quality of dietetic services and the advancement of the dietetics profession in Canada.

The Partners represent 3 sectors:

- Dietitians of Canada
- The Alliance of Canadian Dietetic Regulatory Bodies representing the 10 provincial regulatory bodies
- The dietetic academic and practical education programs in Canada.
